

Richmond Food Bank

Lineup Etiquette and Rules - Cedarbridge location

1. When you arrive, join the end of the line
2. Stay with your bag or cart. Don't drop it off and leave the property
3. No saving places for others. It's not fair to those who are already waiting in line
4. Move away from people in line to smoke (6 m from anyone else)
5. Leave large grocery store shopping carts outside
6. Have your mail showing your current Richmond address ready before you reach the front of the line -- this will help speed up the line for everyone
7. We bring out new food throughout the distribution period, so no need to arrive early. The longest lineup of the day is usually when we first open the doors
8. Be courteous and treat others with respect.
9. If you have any issues with another person, or ideas on how we can improve our service to you, please contact a Food Bank staff member.
